SUPER-INSURANCE

Modern Insurance evolved from the ancient and honorable intentions of a few far-seeing thrifty Englishmen, who banded themselves together in 1699, and formed "The Society of Assurance for Widows and Orphans.

And the evolution is now completed!

From then to now is a far cry, as all present day insurance policies carry many attractive features and liberal benefits, not dreamed of by the founders of the first society.

That the process of evolution is still taking place is clearly evidenced by the latest policy designed by this Company. It more than meets the demands of an insurance buying public, educated to look for liberality in policies. It will be the standard by which to gauge other policies for a long time to come.

No policy ever issued typifies the broad meaning of insurance as does our new Non-Participating Special Benefit Policy, which we issue on both the Ordinary and Twenty Payment Life Plans.

Every feature is guaranteed, for we have made it non-participating, so that no dividends can be estimated and there can be no possible misunderstanding as to just what the policy contains.

The policy is entirely new in life insurance in that it contains all the modern features of an Old Line Life Insurance policy, with our Double Indemnity and New Disability Clauses added.

THE DOUBLE INDEMNITY CLAUSE stipulate that if you are accidentally killed—in any manner, at any place and at any time—your beneficiary will receive double the amount of the policy.

OUR NEW DISABILITY CLAUSE provides that, in the event you are totally and permanently disabled before attaining age 60, from either disease or accident, we will waive the payment of future premiums, and you will receive \$10.00 a month for each \$1000.00 of insurance, during each and every year of your remaining life; and in addition, when you die, your beneficiary will immediately receive the full amount of the policy, with no deductions whatsoever for what has been paid you during your lifetime.

Suppose you had \$10,000.00 of this life insurance and were killed in an accident; we would pay your beneficiary the sum of \$20,000.00.

Or, suppose you were totally and permanently disabled and could do no work, but still lived; then we would pay you \$100.00 a month as long as you lived.

After having received this \$100.00 a month for, let us say, twenty years, then suppose you died; we would pay your beneficiary \$10,000.00 in cash, this being in addition to the \$24,000.00 we paid you during your lifetime.

The illustrations above are on a \$10,000.00 policy. The benefits under a \$1,000.00 policy would of course, be in the same proportion. The cost per thousand at age 35 is \$32.93 for the Twenty Payment Life and \$24.96 for the Ordinary Life.

TO THE BOARD OF EDUCATION:

Gentlemen: I herewith respectfully submit to you my annual report of the public schools of Wilkes County for the scholastic year ending June 30, 1920.

I desire to congratulate you upon the success of the work during the past year. When we consider the many epidemics prevalent in various parts of the county during the past winter, the results are exceedingly gratifying.

I wish to call your attention to the table showing the progress of public education in our county since the year of 1900. It is indeed an encouraging story of progress and should be an incentive to our people to attempt still greater things in the years to come.

With best wishes for the continued success of the work in our county, I am,

Most sincerely yours,

C. C. WRIGHT,

County Superintendent of Schools

Hunting Creek, N. C., June 30, 1920.

TO THE PEOPLE OF WILKES COUNTY:

Feeling that it is a duty we owe to the public to give an account of the progress of public education in the county each year, and believing that the patrons of the public schools, the school officers and the friends of education will be pleased to receive this information, and that a better knowledge of what our schools are doing will tend to create more interest in them, we gladly present to you this our twenty-first annual report, trusting that the work done and the results achieved merit and may receive your approval.

Very truly yours,

C. C. WRIGHT,

County Superintendent of Schools.

THE WORK OF THE YEAR.

The year just closing has been a successful one. The enrollment and attendance have really been phenomenal when we consider the percentage enrolled and in attendance in the country as a whole. In the increase in the valuation of school property, in the number of painted school houses and in many activities the progress has been truly gratifying.

During the year we have increased the number of our supplementary libraries. We increased the number of houses with bells, a number of buildings have been erected while others have been repaired.

Our county high schools at Wilkesboro, Ronda and Traphill have a course of study covering two years while the school at Wilkesboro covers a period of four years, preparing the students for college.

There are two other schools in the county which prepare students for college: North Wilkesboro and Mountain View Institute. At the latter of these two places two excellent dormitories are in operation, one for the boys and one for the girls. Board here is given on the co-operative plan or at actual cost.

By means of circular letters, correspondence the local press, the telephone, through visits and personal interviews, I have endeavored to keep in close touch with the work this year.

Certificates of merit were given to 645 children in the public schools that had not been absent during the term. This feature has done more perhaps, than any other one thing to encourage attendance in the schools. It has become a permanent feature of the work here in the county.

Awards of honor were again given to those who had been perfect in spelling and 186 children were present at the county commencement to receive these.

An interesting feature of the commencement exercises was the award of gold medals to 30 children who had at-

tended school every day for seven years.. Two of these have been perfect for ten years.

A colored commencement was held at Wilkesboro on May 7th and was largely attended by the colored people from all sections of the county. Three diplomas of graduation were issued, 69 certificates of merit were given for perfect attendance, 30 awards of honor were presented for perfect spelling during the term and seven library certificates were given. The library certificate plan was continued this year. To every pupil in the public schools of the county who had read no less than fifty books from the library during the calendar year was awarded a library certificate. Forty-seven certificates were given this year. This has also become a permanent feature of the educational work of the county.

A very interesting feature of the work this year was the series of preliminary contests in the various schools for the purpose of selecting two pupils to represent the district in the township contest. These preliminary contests were held on Friday afternoon, March 19th, when two pupils were chosen both in spelling and in reciting and declaiming to represent the township at the group county commencements. The winners in the commencement contests had the distinction of being the successful ones in three successive contests.

Hundreds of debates, spelling matches, entertainments and parents' meetings were held during the year. School fairs were held in some districts. The State Board of Agriculture at its semi-annual meeting in June of last year, and also its meeting in December made an appropriation for the purpose of encouraging the holding of these fairs.

The Honor Roll for teachers and the Standard of Excellence for schools which have again been in operation this year has each been productive of most excellent results, stimulating the work in many ways.

Comparative charts showing progress in education and the conditions in each township along educational lines were placed upon the walls of the office of the Board of Education

and exhibited at the meetings of the Teachers' Association. An outline map of the county was also displayed in the same manner showing by various colors the percentage of enrollment and average daily attendance in each township.

We again adopted the method introduced in the schools last year of giving certificates for perfect monthly attendance. This, for obvious reasons has helped the daily average attendance in many schools.

During the year we were very fortunate in securing the services of Miss Cleone Hobbs, one of the nurses sent out by the State Board of Health, who spent several months in the county visiting the schools, examining children and holding clinics at Wilkesboro. Several hundred children were examined and many of them treated by removal of the tonsils, etc., etc. A brief report of her work appears elsewhere in this report.

We were fortunate also in securing the services of Dr. J. F. Reece, dental surgeon, who spent several months in the county working among the schools, examining, filling and treating the teeth of thousands of school children in practically all parts of the county. A brief report of his work appears elsewhere in this edition.

Miss Hobbs and Dr. Reece lectured to the schools stressing the importance of better care of the teeth, the eyes, etc., and specially emphasizing the need for better ventilation and sanitation in our schools, precautionary measures against preventable diseases, etc.

We have been fortunate in securing the past year the Community Service Work for Wilkes county. One feature of this work is the moving pictures which have gone into practically every section of the county. These pictures have been selected with much care by the Director of the State Community Service Work and are all censored by the State Board of Education before being sent out. These pictures are both educational and recreational, and hundreds of people who had never seen a moving picture have had the opportunity to do so some of these walking four and five miles

each way to see them. During the past month more than four thousand tickets were sold, more we are told than has ever been sold in the same time in any other section of the State where the work has gone.

This feature of the work of the Bureau of Community Service, however, is only incidental. The primary object is the teaching of health and physical culture in the schools, the organization of parent-teacher societies, the improvement of school houses and grounds, the organization of campfire girls and boy scouts in the various communities of the county, and to encourage the formation of athletic societies among the young people here and there.

The work is under the supervision of Miss Margaret Wright, of Highlands, N. C.

One feature of the work of the year which is noteworthy and very gratifying is the large number of boys and girls who have been perfect in attendance for a period of seven or more years. In one school, the Arbor, District No. 2 of Wilkesboro township, there were five who had met the requirements of the County Board of Education in this respect and who were given gold medals, three of these children coming from one family. In this school during the past year there were twenty-two who had not missed a day during the six months term, and this school did not suspend for the "Flu."

In another school, Mount Zion, District No. 7, of Elk township, there were four perfect in attendance for seven years, three of these coming from one family.

The banner township this year in the matter of enrollment is Elk, averaging among its schools 95 per cent of the school census.

A sketch of the work of the year would not be complete without a reference to the splendid work of the teachers in a course of professional study outlined and suggested by the State Department of Education. After the county-wide meetings of the Teachers' Association last fall the county was divided into four groups with a group center designated

in each where the teachers met monthly and studied and discussed the professional course.

At the final examination in March seventy-five teachers successfully passed the tests and the State Board of Examiners gave them credit for the renewal of their certificates. This feature of the work will be continued during the coming year.

During the year a Summer School of six weeks' duration was held at Mountain View where approximately one hundred teachers attended in whole or in part and took the work prescribed by the State Board of Education. Many of these were enabled to raise their certificates to those of a higher grade, thus securing better salaries. All of them have been benefitted and through them the schools will also be helped.

A County Institute of two weeks' duration was held at Wilkesboro for the teachers of the colored race where about thirty teachers were enrolled.

During the year a series of Community Fairs were held in the county under the supervision and direction of the County Demonstration Agent, A. G. Hendren, when several educational exhibits were shown and for which prizes had been secured.

During the year an educational survey was taken of the county which shows some very interesting facts as to the educational and agricultural condition of the county. A synopsis of this survey appears elsewhere in this edition.

In conclusion I wish to express my grateful appreciation of the assistance and cordial co-operation of the members of the Board of Education, the clergy, the bar, the press, the school committee, the teachers and friends of education all over the county who have given to me and to the cause of education their most loyal support.

With thankfulness to God for His blessings upon the educational work of the year now closing, and relying upon Him for Divine guidance, may we rededicate ourselves to the great task which lies out yonder in the future before us. May the friends of popular education be aroused to a sense

of their duties, their responsibilities, and to their opportunities. Let no one be content until proper educational facilities are provided for all, a comfortable building properly equipped, and above all a teacher trained for the work, one whose personality can touch, inspire and direct the boys and girls of the State; teachers whose lives are in every way an inspiration to their pupils and which will point them to higher, nobler and purer things.

ILLITERACY AMONG THE DRAFT MEN.

Some time after the close of the war a list of illiterates among those who registered for service in the war was sent to me from the Department of Education at Raleigh. To my surprise about 20 per cent. of these had failed or refused to sign their names to their papers. Looking over the list and finding the names of several whom I personally knew well and knew that they could read and write sufficiently well to transact their business in a satisfactory way, and feeling, too that these figures placed Wilkes County in a wrong light before the World, I decided to investigate conditions.

Carbon copies of this list were made after having arranged the registrants by postoffices and were sent to the teachers in all parts of the county with the request that each case be thoroughly investigated and reported to this office. This was done with the result that approximately one-half of these were able to read and write.

I was told by a number of those who assisted in the registration of these men that when asked to sign their names they would say, "Oh, you can write it better than I. can. Sign it for me." And in this way, unacustomed to writing in public, the list of so-called illiterates was increased.

COMPARISONS IN EDUCATIONAL CONDITIONS.

At the close of each biennial period in the State and Nation when reports on education are issued is it the custom with us to compare educational conditions in Wilkes with those in the State and the country at large and to give these facts to the public through the local papers.

We find in comparing conditions as they are given in these latest reports that the enrollment in County, State and Nation is as follows:

In the United States as a whole 75 per cent.

In North Carolina 74 per cent.

In Wilkes County 85 per cent.

The average daily attendance in these reports is as follows:

In United States as a whole 57 per cent.

In North Carolina 49 per cent.

In Wilkes County 56 per cent.

These figures are very gratifying indeed when we consider the geography of our country, its many large, rapid, and, in many places, unbridged streams, the condition of many of our roads in winter when the schools are usually taught, and the fact that our population in the main is rural these figures speak well for the educational progress of Wilkes.

Not only in this respect do we find conditions as to enrollment and attendance very gratifying but the figures showing expenditures are equally gratifying. By reference to the report of the State Department we find that Wilkes County has more schools than any other county in the State, but that in the expenditure for fuel and janitors there were fifty-six counties that paid a larger sum for these things, that in the expenses of the County Superintendent there were fifty-four counties paying a larger amount, that in the matter of school census there were sixty-four counties which paid more, that in the matter of office assistance there were forty-four counties which paid a larger amount, that in the matter of all other administrative expenses there

were fifty-three counties which paid a larger amount, that in the matter of the administration as a whole there were forty-eight counties which paid a larger amount, and last but not least 74 per cent. of the total school funds of the county went directly for teaching while in the State 62 per cent. of the total school fund was paid for this purpose, and in the United States as a whole 57 per cent. Thus, while the enrollment and attendance is larger in the State as a whole it has been accomplished with less expense. This is exceedingly gratifying and speaks well for the economical administration of the Board of Education.

STANDARD OF EXCELLENCE.

Early in the year the following letter was sent to all the teachers in the county:

In order to further stimulate the work in the county we have decided to continue the Standard of Excellence which has been in operation in the schools here for some time past.

The names of all the schools which can measure up to the requirements enumerated below will be published in the local papers and also in the annual report of the public-schools. The requirements are as follows:

1. Is the school building painted?
2. Has the school a bell?
3. Has the district an original school library?
4. Has the school library been supplemented?
5. Has your school room been supplied with desks?
6. Has your school been supplied with maps, blackboards and charts?
7. Has your school reached not less than 90 per cent of the census?
8. Has the average daily attendance reached not less than 75 per cent of the enrollment?
9. Have you established or tried to establish a school farm or garden during the term?
10. Is your school a local tax?

Those answering 70 percent of the above questions in the affirmative will be entitled to a place on the list of A 1 schools.

Following is a list of those schools meeting the requirements:

HONOR ROLL FOR TEACHERS.

Early in the year the following letter was sent to all the teachers:

We have decided to again adopt the Honor Roll for the teachers of the county for the year ending June, 30, 1920. The names of all those who succeed in getting on the Honor Roll will be published in the local papers and also in the annual report for 1920. The requirements are as follows:

1. Are you a member of the County Teachers' Association?
2. Are you a member of the State Teachers' Reading Circle?
3. Did you attend a summer school or the Teachers' Institute in 1918 or 1919?

4. Do you have desk copies of the text books which you are required to teach?

5. Do you read any educational journal? If so, what?

6. Have you raised any funds this year? If so, state amount raised and for what purpose?

7. Have you improved the house and grounds in any way? If so, how, and to what extent?

8. Have you visited the patrons of your school this year?

9. Have you attended the group meetings this year?

10. Have you held any parents meetings, debates, spelling matches or entertainments during the term?

11. Have you enrolled any club members this year?

12. Will your school be represented at the Township Contest or at the County Commencement this year in any contest?

13. Have you observed any special day in school this year? If so, what?

14. Have you held or tried to hold a moonlight school or community school this year?

15. Have you organized a Thrift Society or a Junior Red Cross Society in your school this year?

16. Will you contribute an article to the Educational Edition of the local papers this year?

17.

Question number 17 is intended for any particular activity which the teacher thinks worthy of mention and which may be counted in lieu of any one of the above. The superintendent is to pass upon the merit of this number.

Those answering 70 per cent of the above question in the affirmative will be placed on the Honor Roll.

Assistant teachers will answer questions No. 1, 2, 3, 4, 5, 6, 8, 9, and 17.

TEACHERS' ASSOCIATION.

The meetings of the Teachers' Association have been well attended during the past year. Practically all of the teachers of the county are members of this body and take an active part in the work. These meetings have played no little part in the progress which our county has made along educational lines in the past decade. They have enabled the teachers to meet and know each other. They have given them higher ideals, greater inspiration, and more love for the work in which they are engaged. The colored teachers have an association which meets regularly and which has done great good for the schools of that race.

THE READING CIRCLE WORK.

On the completion of four consecutive years of work as outlined by the State Department of Education each member of the State Teachers' Reading Circle is awarded a diploma which is recognized by all county superintendents of the State. Practically all the teachers of Wilkes County are members of this Reading Circle which is designed primarily for the professional improvement of its members.

PERFECT SPELLERS.

Feeling that the subject of spelling was being neglected in some of our schools, and realizing its importance and hoping to arouse greater interest in this matter our Board of Education has decided to give an award of honor to each pupil in the public schools of the county who was perfect in spelling for the entire term. This experiment has already demonstrated its worth and is to become a permanent feature of the educational work of the county. The following is a list of those who received these awards of honor:

CERTIFICATES OF MERIT

The award of certificates of merit to all who were perfect in attendance during the past year has played no little part in the increased enrollment and attendance here. There were 644 children to receive these certificates of merit, and they came to get them from one end of the county to the other. This is but one instance of many that might be cited to show the ever increasing interest on the part of our people to all things that pertain to the education of their children. It shows unmistakably that they are determined to give their children a better chance in the race of life than was allotted to them. This has become a permanent feature in the work of the county. The following is a list of those who received these certificates of merit for perfect attendance during the year:

The New Buick

1921

While improvements in Buick Cars for Nineteen-Twenty-one are plentiful, the new line again exemplifies Buick adherence to definite principles of Chassis construction and Valve-in-Head Motor design.

Retaining those features that have established the thorough soundness of Buick Cars during the last twenty years, improvements in body design and mechanical units have been incorporated in the New Buick Cars, that place them far in advance of the usual trend of development.

Mechanically the New Buick Cars are more than worthy successors to the previous models that have performed their way into the hearts of motorists everywhere; in appearance, the New Buicks are a revelation. Their grace, beauty and distinctiveness are readily apparent.

There are seven new models, each powered with the famous Buick Valve-in-Head motor. In other words, a single standard of mechanical excellence and reliability is available for the purchasers of all Buick cars, supplemented by four closed and three open body types which make it possible to apply the Buick standard to each individual's motoring requirements.

Lack of appropriation and quarters often make it impossible to provide separate Physics and Chemistry laboratories in the high schools. The same equipment of work tables must be used by classes in both subjects. In such instances, this Combination Physics and Chemistry table No. 1419 should be installed. Its design includes all the features necessary for a successful pursuit of both subjects: Crossbars, electricity, gas and water supplies, sink and waste connection, drawers for students' materials, and cupboards for storage of miscellaneous apparatus.

AS GOOD AS THE CATALOG DESCRIBES THEM.

Truth in advertising demands that the printed word shall not even exaggerate the article described, although many manufacturers still hold that a little "poetic licence" in description is permissible in business.

KEWAUNEE LABORATORY FURNITURE

The Kewaunee Book, like Kewaunee Furniture, is straight realism. There is no veneer on either. A letter from a discriminating School Executive says that "it gives one pleasure to find that the articles ordered are as good as the Catalog describes them."

The Kewaunee Book will interest Superintendents and Teachers who are thinking of installing Laboratory Equipment of Physics, Chemistry, Biology, Agriculture, Electricity, Domestic Science or Art, Manual Training, or the Kindergarten. Ask for a copy, indicating the subject in which you are interested. Address all inquiries to the factory at Kewaunee.

"MEMORIAL NUMBER"

A book containing a 36-page story of Mr. Vaughan's useful and well-spent life, written by a close friend of his, W. I. Varner, the reading of which will interest and inspire every one to a better life. Some good pictures of both him and his home are given in colors which are pleasing to the eye. This is a large book of more than three hundred pages, and includes all the best songs Mr. Vaughan wrote during life. Every friend of Mr. Vaughan will want a copy of this book in his home as a keep-sake, and at the same time be a useful and uplifting one. See your friends and have them order with you, and get the reduction in dozen lots. Price per copy \$1.00; per dozen \$10.00.

Our New Book for 1919 "ECHOES OF JOHN B. VAUGHAN"

A book containing all the best songs Mr. Vaughan ever wrote from the beginning. The music writers and publishers, whom we consider are in a position to know, claim it will become one of the greatest books on the market. The variety given you in this book, in subjects, melody, harmony, arrangement, together with the deep spirituality, will hardly be excelled by any one writer.

50c per copy; \$5.00 per dozen.

VAUGHAN'S QUARTET BOOK (NEW BOOK)

The daily calls and unusual demand for a Quartet Book of Sacred Songs has prompted us to prepare a book of the most valuable songs we have offered the public. We have composed and compiled the best songs we have any knowledge of for this book. Aside from the male quartet the book contains the most effective solos, duets and chorus songs that we have ever offered the public. Such songs as "Be a Daniel," "He is Not Here," "Climbing up the Mountain," and many others, are superior songs. 25c a Copy, \$2.50 a Dozen.

"I HAVE LOST THE RECEIPT."

Thus spoke the man who was asked to settle a bill that he claimed to have paid a month previously. He had placed the receipt in his pocket with other papers and now could not find it.

He had paid cash, so could do nothing except pay the bill a second time.

That man learned a lesson from this incident—he now pays all his bills by check. In case of dispute about a paid bill, he can now use his cancelled checks as proof of payment.

Do you pay by check? It is the safe and businesslike way

WHY WALK 100 MILES AND CARRY 50,000 POUNDS EVERY YEAR?

The average bucket of water weighs 30 pounds. If you make 5 trips to the spring 100 yards from your house each day you will walk 100 miles and carry 50,000 pounds a year.

You spend 1 hour per day or 1 month in every year carrying water.

You have running water in your house and barn and save all of this with one of our water systems.

We have them to suit your conditions.

TWO WAYS TO BUY GOOD CLOTHES—

HIGHEST PRICE OR—STYLEPLUS.

The most important thing in clothes is quality, because it means the style you're after and profitable service. By all means get the quality. But be sure that the price you pay is not more than enough to get it.

Styleplus have all the essentials of good clothes without costing the outside price. The fabrics are all wool. The style is correct. The tailoring is splendid. The good wear is covered by our guarantee. Each Styleplus garment has a sealed price ticket on the sleeve. Wear America's known-priced clothes and you reduce your clothes problem to common sense economy.

"The Sleeve Ticket Tells the Price."

SPAINHOUR-SYDNOR DRY GOODS COMPANY

There are two ways of buying. One is to buy what you find; and the other is to buy what you want. You buy by one of these methods and so do we. We don't stop with buying what we find on the market; we make our own specifications, and get what we feel our public wants. We want you to buy from us in the same way. Let us know what your standards are, and let us try to meet them. Of course you don't have the same standard for everything you buy, and neither do we. Where you would look for wearing quality in one article, style would be the prime requisite in another and fit in another. Each department with its own standard of style, of quality, of comfort, or of fit as the case may be, is endeavoring to meet your particular standard more than half way.

GET STYLE DISTINCTION IN YOUR NEW SUIT, COAT, DRESS AND HAT.

Comparison will prove the eminent style of the beautiful new garments we are showing for Fall and Winter wear, and you're sure of real style distinction in what you choose from our splendid stock.

Also, in spite of all the talk about "High Prices" you'll find that Prices here are lower than you'd expect, especially for garment of such unusually smart style and high quality. We offer you greater style at no greater price.

Decidedly handsome Tailored Suits. Never in our history have we been able to bring together such a splendid range of exceedingly handsome, very stylish, Tailored Suits. Correctly demonstrating all that is best and latest in the Fashion world of today.

We show rarely beautiful models, brought out on simple but beautiful lines and also in the most extreme fashionable models of the season, in a matchless range of the new Fall colorings and new Fall fabrics. \$25.00 to \$90.00 each.

The Vapor Treatment FOR Influenza, Croup and Pneumonia

Mothers who know the anguish of waiting helplessly through age-long hours for the physician who may not arrive in time will hardly fail to keep on hand a bottle of this effective croup remedy. Vapomentha is a certain preventive and specific for colds, croup, influenza, grippe, pneumonia and other respiratory ailments.

BRAME'S VAPOMENTHA SALVE

WILL NOT STAIN THE CLOTHES

It is applied externally to the chest, throat and nostrils and is quickly absorbed through the pores of the skin. Its healing vapors rise and are inhaled directly to the infected membranes. A double-action remedy, it is doubly certain to produce satisfactory results. It has this characteristic that distinguishes it from other salves, it will not stain the clothes. Buy a bottle of Vapomentha TODAY. It is an invaluable protection for an insignificant price.

TO WHOM IT MAY CONCERN:

I have been bothered with colds every winter for several years, causing me to have those La Grippe pains and being confined to my room for several days at the time. After using one bottle of Vapo-Mentha Croup and Pneumonia Salve one night I got almost instant relief, and was able to go to my office next morning feeling very much relieved, which was very unusual after one of these attacks. I have used practically every make of croup and pneumonia salve on the market when I had these attacks without relief. After being advised by a friend to use Brame Vapomentha Salve which found to give me almost instant relief.

I cannot recommend Brame Salve too much for it certainly is all it is recommended to be.
